I don't know how much help I can be. I can try and see if I can find the email I wrote to the organization regarding the fact they never notified my husband or I about what had happened

Did you ever have a meeting with Childcare leaders? We had one 8/2/15 with other families whose child was in the 3's class w teen. What I was trying to say is that I am willing to share with you my experience w childcare police/DCS if you are interested. If you are not, that is completely up to you!

No we got a general email that was to the organization explaining what was going on

No we got a general email that was to the organization explaining what was going on but never did they contact us personally and never responded to my email asking why we weren't told anything.

It appears they met with families that had kids in the class with teen on 8/10,17, or 24 but not the families who had kids in the 2's class the whole year who may not have moved up with the same class on 8/10/14.
